

BANDIM HEALTH PROJECT PUBLICATION LIST FROM 1981-2021

(sorted by year and within year alphabetically)

1. Aaby P, Bukh J, Lisse IM, Smits AJ. Child mortality in Guinea-Bissau: Malnutrition or overcrowding. Swedish Agency for Research Cooperation (SAREC) 1981.
2. Aaby P, Bukh J, Lisse IM, Smits AJ. Measles vaccination and child mortality. *Lancet* 1981; 2(8237): 93.
3. Aaby P, Bukh J, Lisse IM, et al. Breastfeeding and measles mortality in Guinea-Bissau. *Lancet* 1981; 2(8257): 1231.
4. Smedman L, Lindeberg A, Jeppsson O, Zetterstrom R. Nutritional status and measles: a community study in Guinea-Bissau. *Ann Trop Paediatr* 1983; 3(4): 169-76.
5. Smedmann L, Lindeberg A, Jeppsson O, Zetterstrom R. Measles mortality and malnutrition. *Lancet* 1983: 695.
6. Aaby P, Bukh J, Lisse IM, Smits AJ. Measles mortality, state of nutrition, and family structure: a community study from Guinea-Bissau. *Journal of Infectious Diseases* 1983; 147(4): 693-701.
7. Aaby P, Bukh J, Lisse IM, Smits AJ. Spacing, crowding, and child mortality in Guinea-Bissau. *Lancet* 1983; 2(8342): 161.
8. Aaby P, Bukh J, Lisse IM, Smits AJ. Les hommes sont-ils plus faibles ou leurs soeurs parlent-elles trop? Essai sur la transmission des maladies infectieuses. *Anthropologie et Sociétés* 1983; 7(2): 47-59.
9. Aaby P, Bukh J, Smits AJ, et al. High case fatality rate in twins with measles. *Lancet* 1983; 2(8351): 690.
10. Aaby P, Bukh J, Lisse IM. Børnedødelighed i Guinea-Bissau. *Ugeskr Laeger* 1984; 146: 2048.
11. Aaby P, Bukh J, Lisse IM, Smits AJ. Overcrowding and intensive exposure as determinants of measles mortality. *American Journal of Epidemiology* 1984; 120(1): 49-63.
12. Aaby P, Bukh J, Lisse IM, Smits AJ. Measles vaccination and reduction in child mortality: a community study from Guinea-Bissau. *J Infect* 1984; 8(1): 13-21.
13. Aaby P, Bukh J, Lisse IM, Smits AJ. Risk factors in subacute sclerosing panencephalitis: age- and sex-dependent host reactions or intensive exposure? *Reviews of Infectious Diseases* 1984; 6(2): 239-50.
14. Aaby P, Bukh J, Lisse IM, et al. Determinants of measles mortality in a rural area of Guinea-Bissau: crowding, age, and malnutrition. *J Trop Pediatr* 1984; 30(3): 164-8.
15. Aaby P. Epidemics among Amerindians and Inuits. A preliminary interpretation. In: J B, J D, A G, et al., eds. *Native Power*. Bergen: Universitetsforlaget; 1985: 329-39.
16. Aaby P, Bukh J, Lisse IM, Smits AJ. Introduction of measles into a highly immunised West African community: the role of health care institutions. *J Epidemiol Community Health* 1985; 39(2): 113-6.
17. Aaby P, Coovadia H. Severe measles: a reappraisal of the role of nutrition, overcrowding and virus dose. *Med Hypotheses* 1985; 18(2): 93-112.
18. Mølbak K, Lauritzen E, Fernandes D, Böttiger B, Biberfeld G. Antibodies to HTLV-IV associated with chronic, fatal illness resembling "slim" disease. *Lancet* 1986; 328(8517): 1214-5.
19. Smedman L, Silva MC, Gunnlaugsson G, Norrby E, Zetterstrom R. Augmented antibody response to live attenuated measles vaccine in children with *Plasmodium falciparum* parasitaemia. *Ann Trop Paediatr* 1986; 6(2): 149-53.
20. Smedman L, Aaby P, Lindeberg A, Zetterstrom R. Survival 0-6 Years of Age in a Periurban Community in Guinea-Bissau - a Longitudinal Assessment. *Annals of Tropical Paediatrics* 1986; 6(1): 67-72.
21. Aaby P, Bukh J, Hoff G, et al. High measles mortality in infancy related to intensity of exposure. *Journal of Pediatrics* 1986; 109(1): 40-4.
22. Aaby P, Bukh J, Hoff G, Lisse IM, Smits AJ. Cross-sex transmission of infection and increased mortality due to measles. *Reviews of Infectious Diseases* 1986; 8(1): 138-43.

23. Aaby P, Bukh J, Leerhoy J, Lisse IM, Mordhorst CH, Pedersen IR. Vaccinated children get milder measles infection: a community study from Guinea-Bissau. *Journal of Infectious Diseases* 1986; 154(5): 858-63.
24. Aaby P, Bukh J, Lisse IM, Smits AJ. Severe measles in Sunderland, 1885: a European-African comparison of causes of severe infection. *International Journal of Epidemiology* 1986; 15(1): 101-7.
25. Aaby P, Bukh J, Lisse IM, Smits AJ, da Silva C. Determinants des formes severes de rougeole: consequences au niveau de l'action preventive. In: P C, S D, Ph F, J G, J G, Rouquette R, eds. *Estimation de la Mortalité de jeune Enfant (0-5 ans) pour guider les Actions de Santé dans les Pays en Développement*. Paris: INSERM; 1986: 429-42.
26. Smedman L, Sterky G, Mellander L, Wall S. Anthropometry and Subsequent Mortality in Groups of Children Aged 6-59 Months in Guinea-Bissau. *American Journal of Clinical Nutrition* 1987; 46(2): 369-73.
27. Aaby P, Bukh J, Hoff G, Lisse IM, Smits AJ. Humoral immunity in measles infection: a critical factor? *Medical Hypotheses* 1987; 23(3): 287-301.
28. Aaby P, Clements J, Cohen N. Key issues in measles immunization research: A review of the literature. WHO, EPI 1987.
29. Smedman L, Gunnlaugsson G, Norrby E, Silva MC, Zetterstrom R. Follow-up of the antibody response to measles vaccine in a rural area of Guinea-Bissau. *Acta Paediatrica Scandinavica* 1988; 77(6): 885-9.
30. Whittle H, Hanlon P, O'Neill K, et al. Trial of high-dose Edmonston-Zagreb measles vaccine in the Gambia: antibody response and side-effects. *Lancet* 1988; 2(8615): 811-4.
31. Aaby P. Observing the unexpected. Nutrition and child mortality in Guinea-Bissau. In: JC C, A H, VJ H, eds. *Micro approaches in demographic research*. London: Keagan Poul; 1988: 278-96.
32. Aaby P. Introduction to community studies of severe measles: Comparative test of the crowding/exposure hypothesis. *Reviews of Infectious Diseases* 1988; 10
33. Aaby P. Severe measles in Copenhagen, 1915-1925. *Reviews of Infectious Diseases* 1988; 10(2): 452-6.
34. Aaby P. Malnutrition and overcrowding/intensive exposure in severe measles infection: review of community studies. *Reviews of Infectious Diseases* 1988; 10(2): 478-91.
35. Aaby P. Le surpeuplement, un facteur déterminant de la mortalité par rougeole en Afrique. *Dossiers et recherches, INED* 1988; 15.
36. Aaby P, Bukh J, Lisse IM, da Silva MC. Further community studies on the role of overcrowding and intensive exposure on measles mortality. *Reviews of Infectious Diseases* 1988; 10(2): 474-7.
37. Aaby P, Bukh J, Lisse IM, da Silva MC. Decline in measles mortality: nutrition, age at infection, or exposure? *Br Med J (Clin Res Ed)* 1988; 296(6631): 1225-8.
38. Aaby P, Bukh J, Lisse IM, Seim E, de Silva MC. Increased perinatal mortality among children of mothers exposed to measles during pregnancy. *Lancet* 1988; 1(8584): 516-9.
39. Aaby P, Jensen TG, Hansen HL, et al. Trial of high-dose Edmonston-Zagreb measles vaccine in Guinea-Bissau: protective efficacy. *Lancet* 1988; 2(8615): 809-11.
